The Drug Recognition Expert (DRE) program has proven successful in identifying the drug impaired driver. DREs are frequently called upon to differentiate between drug influence and medical and/or mental disorders. The certified DRE is an extremely valuable tool for combating the adverse impact of drug and alcohol impaired driving. DRE School is extremely demanding. To receive certification as a DRE, two phases of training must be completed.

The following summarizes each phase.

ACADEMIC TRAINING

This phase is typically conducted over nine days (72 hrs). It includes courses in physiology, vital signs, standardized field sobriety testing (SFST), as well as extensive material on each of the seven categories of the drugs of abuse. The training includes three written examinations, an SFST proficiency examination and five written quizzes. Students must achieve a minimum of 80% on the three examinations, and must demonstrate proficiency in administering SFST's in order to progress to the certification phase.

CERTIFICATION PHASE

After successfully completing the academic portion, the students must complete the certification phase. It is the student's responsibility to complete the certification requirements within six months following the DRE school. These requirements include: conducting a minimum of 12 drug influence evaluations while under the supervision of a DRE instructor; identifying subjects under the influence of four of the seven drug categories; and attaining a 75% toxicological confirmation rate. In addition, the student must maintain a progress log, rolling log, and submit a quality resume. Finally, the student must pass a comprehensive final knowledge examination, and obtain the written endorsement of two certified DRE instructors. The International of Chiefs of Police (IACP) is the regulating and certifying organization for the DRE program. DRE certification is valid for two years. In order to maintain certification, DREs must conduct a minimum of four evaluations within the two years, submit a rolling log and current resume, and attend eight hours of recertification training.

To be considered for DRE training, the applicant must meet the following required criteria:

- **Must have a minimum of two years of service (excluding Reserve time) AND recommendation from either one currently certified DRE Instructor OR two currently certified Wyoming DREs (one of the two must be from a different agency).**
- **Must be off probation with your agency.**
- **Must be SFST, D.I.D. (Drugs that Impair Driving) and Intoximeter or Alco-Sensor IV certified.**
- **Must have a reasonable background and experience level of making DUI arrests.**
- **Must submit a minimum of two actual DUI arrest reports for review.**
